2 Christian Hills Update

Comed says that we need 3 phase electric now when single phase was ok a year ago. We are working with comed to fast track this. Comed needs to tell us where we can splice in for 3 phase. Other possible solution is to put a pole up with a transformer on it.

3 Discussion of DCEO Road Programs

Engineer is working on the design and engineering and coordinating with our contractor, PT Ferro.

4 Discussion of 2025 MFT Road Maintenance Program
